

Mission Statement

The Presbytery of Lake Huron partners with congregations, helping people to know, grow, share and serve as disciples of Jesus Christ.

Administrative Team

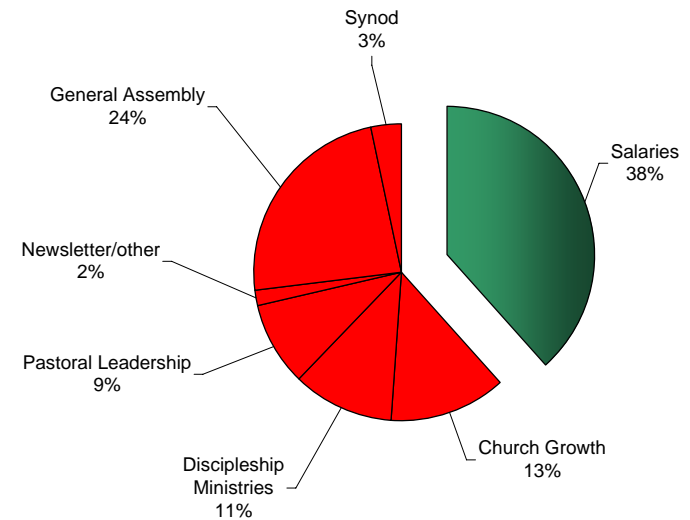

The Administrative Team fulfills the legal, financial and personnel requirements of the Presbytery.

2006 Per Capita Distribution

Did you know that per capita is an apportionment [to share] and not an assessment [to tax]? In 2006 nine of the eleven presbyteries in the Synod of the Covenant had per capita apportionments much higher than the Presbytery of Lake Huron.

2006 Mission Distribution

Per Capita dollars are used to pay for the administrative expenses of the Presbytery, as illustrated in the per capita pie chart. The salaries supported with per capita are those that perform primarily administrative tasks. The salaries highlighted in the mission pie chart have been identified as supporting the mission and programs of the Presbytery.

Your mission and per capita dollars at work!
