**Criteria for Congregations seeking funding for events**

1. The Presbytery encourages congregations individually or with other congregations to plan, implement and host events for their congregation and others that help individuals grow in their faith and/or leadership skills.
2. Because this is a presbytery wide event the presbytery staff will be available to develop and assist with the promotion and registration processes.
3. If registration fees generate more income than the cost of the event, and the presbytery has provided funding, the additional income is to be shared among the congregation(s) hosting the event and the presbytery.
4. Timing is critical. As soon as you begin planning for your event you should submit your application for funding to the Presbytery Office.
