**ATTACHMENT B – Annual Financial Report**  
**Treasurer’s Annual Report**  
**The Presbytery of Lake Huron**  
**For Year Ended December 31, 2010**

**– INTRODUCTION –**

The accounts of the Presbytery are maintained in accordance with the balanced-fund principal of accounting. Transactions pertaining to specific functions have been classified in self-balancing funds. The receipts and disbursements of the various funds have been recorded on a modified cash basis; a combination of cash basis and accrual basis financial reporting.

**– PAGE ONE –**

Page one is the Statement of Receipts, Disbursements and Changes in Net Assets for each of the presbytery’s funds. Each fund has a Net Asset Balance that is equal to the assets of the fund less any liabilities. At the end of 2010 the Presbytery had two liabilities; the loan for the building of the presbytery offices and the loan for the building of Trinity United Presbyterian Church. The loan for the Trinity building is paid by the church but needs to be on Presbytery’s books as we are a co-borrower.

The first fund shown, the Unified Fund is where our budget is lodged; where loans can be granted to churches; and where there are numerous designated use accounts held for a variety of purposes. The net assets available as of 12/31/10 increased by about 4.7 percent compared to 12/31/09. This is due to our investments continuing to regain value lost in 2008. The second fund is the Bicentennial Fund that has increased nearly 10.5% due to its investments gaining in 2010; and the last fund is the Capital Fund which is a combination of the depreciated equipment, furnishings, and the presbytery office wing, less the liability of the loan we owe ourselves for the cost of the building.

**– PAGE TWO –**

Page two is the combined Statement of Assets and Net Assets for the presbytery. You will find in this report the balance of cash and investments for each fund, and other types of assets and liabilities categorized by fund. During 2010 the cash and investments of the Unified Fund increased by nearly 10 percent primarily due to unrealized gains in investments. Our note receivables and land contracts balance decreased due to the timely payments of all churches with loans or land contracts.

**– PAGE THREE –**

At the top of page three is a table itemizing the distribution of cash and investments per financial institution and the rates of return as of 12/31/10. The various accounts are listed. The total of cash and investments increased from 2009 to 2010 by a net amount of slightly less than 10 percent due to unrealized gains of our investments. The distribution from investments used to support the budget amounted to roughly \$32,534 of the \$75,858 allowed by the Presbytery’s spending formula.

**ATTACHMENT B – Annual Financial Report (Continued)**

At the bottom of page three is a report that shows how cash reserves are distributed within the Unified Fund and the Bicentennial Fund. In the Unified Fund \$150,000 is set aside for cash flow purposes and to pay synod and general assembly per capita in the event that a church does not. In 2010 there were three churches that did not pay per capita in full so their share of synod and General Assembly per capita was paid on their behalf. There are designated use accounts totaling \$555,397 itemized on page four. There are undesignated cash reserves of \$555,397. These increased over 2009 by \$23,892. The budget is created from and connected to the Unified Fund. If the presbytery needs to amend the budget by creating a new line item mid-year, most often the funds to cover these new items come from the unified fund undesignated reserves. This is also where loans are made to churches within this presbytery. If there is unspent income at the end of the year these funds revert to undesignated cash reserves that the presbytery can decide to use for a variety of purposes.

**– PAGE FOUR –**

Page four shows the activity that flowed through each designated use account.

**– PAGES FIVE THROUGH EIGHT –**

Page 5 is the Per Capita Apportionment report.

Pages 6 and 7 are reports showing each individual church's mission giving, special offerings, etc. The Presbytery is a receiving site for mission dollars. Churches send their mission dollars first to the presbytery then the Presbytery Mission Treasury Service sends dollars on to GA and Synod as instructed. That activity is shown on page 8. Compared to 2009: Shared Mission Giving (supports the budgets of GA, Synod and Presbytery) was down by \$9,000; giving to Special Offerings decreased by \$23,000; Disaster/Relief Assistance increased by \$20,700; and Theological Education decreased by \$7,000.

**– PAGES NINE THROUGH TWELVE –**

Pages 9-12 show the income, transfers, and disbursements of the Unified Budget. This is a combined budget for the presbytery's operating and mission disbursements. It is supported primarily by three streams of income: basic mission pledges, per capita apportionments and an investment distribution based on a spending formula. There are a few other sources of income listed on page 9. In 2010 per capita was collected from all but three churches in the Presbytery. The pay-up for shared mission was nearly 100% of what was projected the year before when the budget was created. However, the bottom line for mission giving continues to show a decrease from 2009 of nearly \$9,000 or three percent. Shared

**ATTACHMENT B – Annual Financial Report (Continued)**

mission giving has steadily decreased since 2000. Bottom line budget wise is that between income and expenses only about half of the investment distribution was needed to balance the budget. This is shown on the bottom of page nine.
